

Design 101

SOD - Advance Credit Online Course for AY[23-24] - (15 hours - 1 Credit)

A course that will get your creative juices flowing during the summer heat and holidays. While you're still recovering from board exams and entrance exams, this is a course that you can attend online with a lemonade in your hand, with your favorite color-sets by your side, use those interesting materials and knick-knacks you picked up to make some cool craft, and learn a fun way to play with creative digital software (industry standard btw), wherever you may be this summer holiday.

This is about aligning yourself to the Awesome Future Designer You, mentally and skill-wise, before we kick-off with the B.Des. program you got in.

See you soon!

Design 101
