FULLSCALE 109

FullScale' workshop has been the flagship event of the CMRU School of architecture that occurs every mid-semester. And the school has been successfully conducting these workshops even in the online mode. Therefore, this semester also the workshop will be conducted online from **17th May 2021 to 22nd May 2021**. It is going to contain the following projects.

Faculty Coordinators
attri.c@cmr.edu.in
chandrabhanu.d@cmr.edu.in

FULLSCALE 109 PROJECT 1

Heat and humidity don't stop its spread

Design an infographic / short video / poster that can be circulated to the common people to spread awareness about in-depth details on prevention from COVID, post COVID health care, home remedies. It could also be about protocols to be followed, importance of plasma donation etc. It could about dealing with mental health as well.

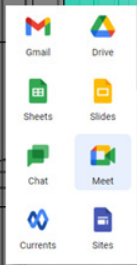

Vaccine trials involve a diverse range of volunteers

Vaccines are thoroughly tested for safety before they're approved

FULLSCALE 109 PROJECT 2

Work from home situation may continue for a while. By now many people may have adjusted to this situation, but still most of us are working with makeshift arrangements. A lot of issues haven't been fully addressed, for example body posture, feasibility for video calls etc. Therefore, design a Work-from-home table for any selected user type (Software engineer, architect etc.)

FULLSCALE 109 PROJECT 3

-  Movies
-  Gaming
-  Live
-  Fashion & Beauty
-  Learning
-  Sports

In order to promote STAY AT HOME idea, lot of people have started sharing skills, techniques and hacks that helps in avoiding going out of the house frequently or to enhance mental health and well-being. Therefore, make a detailed instructional video that showcases or teaches any craft or skill, that you would like to share with other people.

With the Indian economy being affected a lot due to COVID, we need to come up with solutions through which small scale businesses like street food vendors, etc. can bounce back without compromising on safety. Therefore, reimagine and rethink the design for any of the small scale businesses like these in a way manner that can help sustain their business even in the worst scenarios.
