About the CMR University

CMR University (CMRU) is a private university in the state of Karnataka, established and governed by the CMR University Act-2013. CMR University aims to promote and undertake the advancement of university education in technical, health, management, life sciences and other allied sectors of higher and professional education. We believe that creativity is the key competence required to excel in our complex world where independent thinkers, product leaders, artists, designers and innovators are the need of the hour. Our students learn creative concepts and design thinking regardless of their area of study. CMR University fosters creative communities where new ideas can be nurtured, new discoveries made and new creations shared.

Overview of the webinar

Internships are a fascinating journey for students to build and shape their careers. Students will get a chance to interact with panel members from Startups and MSMEs

Students attending the panel discussion will have an opportunity to listen to the experts sharing their experiences. They are ready to answer questions and clear doubts.

Students may ask about taking initiatives, eliciting helpful feedback from trainers, maximizing professional development and minimizing busy work.

Possible Questions to be Addressed:

- How to develop learning objectives?
- How to make the most of internship experiences?
- How to balance personal goals with the goals of the organization?
